Harshita Singh
Deepshikha Joshi

Participation Details:-

- All students, across years and departments
- Solo or group participation, with a maximum team size of 4 members.
- Each participant/team will have a maximum of 4 minutes for their performance.
- Categories: unique projects, AI, coding, digital design, app development, tech-based storytelling, and more
- Registration Fees:- 100 Rs for individual as well as group registration
- Free for PCCOE Students

Prize Pool:-

Position	Prize Amount
First Place	₹7,000
Second Place	₹5,000
Third Place	₹3,000
Total Prize Pool	₹15,000

Description:-

PCCOE Got Talent is a fun-filled **technical talent and innovation showcase** that gives students a platform to showcase their technical skills, creativity, humour, and innovative ideas in front of a live audience and a panel of judges. Participants can bring their unique technical talents to the stage, including coding, AI, technical builds, digital design, app/website development, technical storytelling, and other technology-based creations. Judges interact with participants **through fun questions, reactions**, and a **simple 1–10 rating system**, making the event both engaging and interactive. The focus is on technical creativity, originality, innovation, presentation, and creating an enjoyable experience for everyone. Each showcase will have a **maximum time of 4 minutes**. The event aims to provide students with a fun platform beyond academics to explore, create, innovate, and confidently showcase their technical talents in an energetic college environment.

Judging and Evaluation Parameters:-

Each judge gives the participant a **score out of 10** based on their overall performance.

Rating: 1–10

- Each participant will receive an **overall score out of 10** from the judging panel.
- Before the judges reveal their scores, the participant will be asked to **predict/guess their own score**.
- The participant's predicted score will be compared with the **actual average score given by the judges**.
- Judges will consider technical skill, creativity, innovation, originality, technical understanding, implementation/functionality, and presentation while assigning the score.
- The **average score of all judges** will be considered the participant's final technical showcase score.
- The self-prediction is an **interactive element** and will not affect the participant's actual judging score.
- In case of a tie, the organizing committee may use **audience response and judges' discussion** as tie-breaker criteria.

REWARDS

- **Winner:** Certificate + Cash Prize
- **Second Place:** Certificate + Cash Prize
- **Third Place:** Certificate + Cash Prize
- **All Participants:** Participation Certificate

Rules & Regulations:-

PCCOE Got Talent is a technical talent and innovation showcase designed to provide students with a platform to showcase their technical skills, creativity, innovation, originality, technology-driven ideas and stage presence.

1. Eligibility

1. The event is open to **currently enrolled PCCOE students**.
2. Participants may participate individually or as a team of up to 4 members.
3. Each participant/team must complete the registration process within the specified deadline.
4. A participant may participate in more than one act only if permitted by the organizing committee.

2. Performance Rules

1. Participants may showcase talents such as:
 - Unique Projects & Technical Builds
 - AI & AI Creativity
 - Tech-Based Skits & Storytelling
 - Coding & Creative Programming
 - Digital Art & Graphic Design
 - Video Editing & Digital Content Creation
 - App / Website Design
 - Innovation & Tech Ideas
 - Digital Music & Audio Production
 - Other technical talents approved by the organizers.
2. Performances must be **appropriate for a college audience**.
3. Participants must present and understand their technical work within the allotted time.
4. The use of **explicit, obscene, sexually inappropriate, discriminatory, hateful, or abusive content is strictly prohibited**.

Personal attacks, harassment, bullying, or defamatory remarks against students, faculty, staff, or any individual are not permitted. Participants are responsible for ensuring that their performance does not violate copyright or other applicable rights

3. Language & Content

1. Performances may be conducted in **English, Hindi, Marathi, or other languages**, subject to approval by the organizers.
2. Mild humour and roasting may be permitted, but it must remain within acceptable college standards.
3. Jokes targeting an individual's **religion, caste, race, gender, disability, appearance, sexuality, or other protected/personal characteristics** are not permitted.
4. Political, religious, or otherwise sensitive material should not be used in a manner that promotes hostility or targets individuals/groups.
5. The organizing committee reserves the right to stop a performance if its content crosses the permitted boundaries.

4. Time Limit

1. Each participant/team will be allotted a maximum performance time of 4 minutes.
2. Participants must complete their performance within the allotted time.
3. Exceeding the time limit may result in **deduction of points or termination of the performance**, at the discretion of the judges.
4. The organizers may provide separate time limits for different rounds.

5. Props & Equipment

1. Participants must inform the organizers in advance about any special equipment or props required.
2. Props must be safe and suitable for use inside the college premises.
3. **Fire, explosives, weapons, flammable substances, dangerous chemicals, or hazardous equipment are strictly prohibited.**
4. Props that may damage the stage, college property, or endanger participants/audience members will not be permitted.
5. Participants may use laptops, mobile devices, electronic components, microcontrollers, sensors, robotics systems, prototypes, models, and other technical equipment, subject to prior approval and safety requirements.
6. Participants are responsible for bringing their own specialized equipment unless otherwise specified.

6. Technical Presentation & Media Requirements

1. Participants using videos, audio, presentations, software demonstrations, or other digital media must submit the required files/formats as specified by the organizing committee before the event.
2. Audio tracks containing prohibited or excessively explicit content will not be accepted.
3. Participants should carry a backup copy of their audio/video files.
4. Participants are responsible for ensuring that their presentations, software, demonstrations, and media files are functional and ready before their scheduled performance.

7. Judging

1. The judging panel will evaluate performances based on criteria such as:
 - **Technical Skill & Understanding**
 - **Creativity**
 - **Innovation & Originality**
 - **Implementation / Functionality**
 - **Stage Presence**
 - **Presentation & Communication**
 - **Audience Engagement**
2. The judges' decision will be **final and binding**.
3. Participants may be eliminated at any stage according to the format announced by the organizers.
4. Judges may interact with participants and ask technical questions regarding their performance.

8. Audience Participation

1. Audience participation may be incorporated into selected rounds as an interactive element, but it will not directly determine the technical evaluation score unless announced by the organizers.
2. Audience members must maintain appropriate behaviour and must not heckle, threaten, physically approach, or harass participants.
3. Any coordinated disruption of the event may result in removal from the venue.

9. Technical Skits, Storytelling & Humour Rules

1. Technical skits, storytelling, and humour may be included as part of the performance, provided they are related to technology, innovation, or student life.
2. Humour and roasting must remain light-hearted and must not become personal harassment or targeted abuse.
3. Participants must not reveal or circulate another person's **private or confidential information**.
4. Participants must not make offensive, discriminatory, or inappropriate remarks about any individual or group.
5. Technical information presented during a skit or storytelling performance should be accurate and not intentionally misleading.
6. The judges and organizers reserve the right to stop any content that violates the event guidelines.

10. Respect & Conduct

1. All participants are expected to maintain respectful behaviour toward **judges, organizers, volunteers, faculty, staff, and fellow participants**.
2. Physical altercations, threats, intimidation, or harassment will result in immediate disqualification and may be referred to college authorities.
3. Misconduct before, during, or after the event may result in disciplinary action as per college rules.
4. Participants must follow instructions given by event coordinators and venue authorities.

11. Disqualification

A participant/team may be disqualified for:

- Using prohibited or dangerous materials.
- Providing false information regarding the originality, functionality, technical specifications, or contribution to a project.
- Using unauthorized or unsafe technical equipment during a demonstration.
- Performing content that violates the event's guidelines.
- Misbehaving with judges, organizers, participants, or audience members.
- Deliberately disrupting the event.
- Providing false information during registration.
- Exceeding performance limits repeatedly.
- Damaging college property.
- Engaging in plagiarism or presenting another person's work as their own.
- Violating applicable college policies.

Disqualification decisions made by the organizing committee will be final.

EVENT STRUCTURE

Sr. No.	Event Stage	Process / Description
1	Registration	Open registration for students 1–2 weeks prior to the event, with participants selecting their preferred technical talent/category..
2	Auditions Shortlisting	Conduct a brief screening round to review technical entries and finalize the lineup and running order, if required.
3	Welcome & Opening	The host introduces the event, judges/guests, technical showcase categories, judging criteria, and “Guess Your Score” format.
4	Performance Rounds	Each participant/team presents or demonstrates their technical talent, project, idea, creation, or implementation. Each entry is limited to a maximum of 4 minutes.
5	Score Guess	Immediately after performing, the participant writes their self-assessed score on a sealed card and submits it to the coordinator.
6	Judges’ Verdict	The external judging panel announces the official technical showcase score for the performance.
7	Match Reveal	The participant’s sealed score is opened and compared with the judges’ score. A match places the participant on the prize contention list .
8	Repeat for All Acts	Steps 4–7 are repeated for every registered entry.
9	Final Tally & Winner Announcement	Among participants who matched their scores, tie-breakers are conducted if required. The top 3 technical entries are selected for 1st, 2nd, and 3rd prizes .
10	Prize Distribution	Cash prizes are awarded to the winners on stage.
11	Closing & Vote of Thanks	The event concludes with a wrap-up, group photo, and acknowledgements to the judges, guest, sponsors, and student volunteers.
